Recommendation for Hope Villanueva

To Whom It May Concern:

I have worked with Hope Villanueva through two tours of *Rock of Ages* touring The United States, Canada, and Singapore where she was employed as Stage Manager. I was impressed by her enthusiasm for theatre and her organizational skills instantly. During our time together from September 2012 through September 2014, I learned she had even more to offer. She is reliable, task oriented, has a keen eye, and able to remain calm and work well under pressure. Given my experiences with Villanueva I am happy to recommend for any Stage Management position.

During our tours together some of Villanueva's responsibilities were maintaining the show, putting new actors in the show, creating/maintaining actor tracking sheets, and providing nightly reports for our producers and the creative team. Her ability to communicate and document occurrences throughout the tour made her a valuable part of our management team. Villanueva's ability to create schedules and adhere to them guided the tour through many rehearsals, put-ins, and ever-changing venue spaces.

I strongly feel Villanueva will be an asset to any team. She is hardworking and a team player. I would gladly work with her again and I am equally glad to recommend her for any experience that would share her talents with the theatrical world at large.

Feel free to contact me if you have further questions.
